## About Me

I'm a Computer Science student at College of San Mateo, passionate about building web applications and exploring innovative projects using Python, HTML, CSS, and JavaScript. I love learning by doing, collaborating with diverse teams, and applying what I know to solve real-world problems.

## Skills

- Python
- Java
- HTML/CSS/JavaScript
- Excel
- Leadership
- Teamwork
- Multitasking

## Education

### Associate of Science in Computer Science College of San Mateo

2025-2027

- ASCSM Equity Affairs Board member
- ASCSM Open Education Initiative Board member
- Google Developer Group on Campus club member

## Experience

### Production Director Megastudy

Jun 2025 – Jul 2025

- Set up camera equipment and audio systems to ensure high-quality lecture recordings
- Documented editing points to assist editors in post-production

### Student Support Manager Unisense English Academy

Mar 2025 – Jul 2025

- Managed daily academy operations and provided one-on-one counseling for students
- Coordinated class schedules, handled inquiries, and resolved issues efficiently

### Restaurant Server ChaR Restaurant

Dec 2023 – Mar 2025

- Provided high-quality customer service in a fast-paced dining environment
- Managed multiple tables efficiently while ensuring customer satisfaction

## Projects

### Portfolio Website

Interactive personal website to display my projects and skills  
Technologies: HTML, CSS, JavaScript

### LearnIt - AI

AI-powered study planner that generates personalized study schedules and quizzes from course syllabi  
Technologies: Python, HTML, CSS, JavaScript, Groq API  
Hackathon: Cal Hacks 12.0
